Treasures Estate Sales

Dear Wendy:

There is no way that I can express my gratitude for the manner you handled my step-mother Flora Enright's estate. You and your wonderful crew were very professional and yet caring. It was extremely hard for me to dispose of Mother's treasures but you made it as easy for me as you could.

I heartily recommend you to anyone interested in your services.

Thank you so much for the help and concern shown to me during a difficult time. You helped me obtain closure.

Sincerely,
Betty R. Rabey.
